

Index

- R^n , 36
- angular frequency, 130
- associative law for matrices, 12
- back substitution, 16, 30
- basis, 49
- basis, standard, 49
- central conic or quadric, 116
- characteristic equation, 86
- cofactor, 79
- column space of a matrix, 60
- commutative law, fails for matrix product, 13
- conic, central, 116
- constraint, 124
- coordinates with respect to a basis, 52
- coordinates, normal, 134
- Cramer's rule, 80
- determinant of upper triangular matrix, 72
- determinant, definition of, 68
- diagonalizable, 93
- diagonalization, 94
- dimension, 51
- dimension, invariance of, 54
- eigenspace, 86
- eigenvalue, 84
- eigenvector, 84
- elementary matrices, 20
- elementary row operations, 17
- exponential of a matrix, 98
- forward substitution, 29
- frequency, 130
- Gauss–Jordan reduction, 18
- Gaussian reduction, 16
- Gram–Schmidt Process, 107
- homogeneous system, 39
- hyperquadric, 117
- identity matrix, 13
- inconsistent system, 23
- independence, linear, 48
- inverse of a matrix, 25
- invertible matrix, 25
- Jordan reduction, 18
- Lagrange multiplier, 125
- linear combination, 48
- linear independence, 48
- linear independence in \mathbf{R}^n , 57
- LU factorization, 27
- matrix, 5
- matrix inverse, 25
- matrix product, 7
- matrix series, 98
- matrix, exponential of, 98
- matrix, invertible, 25
- matrix, non-singular, 23
- matrix, rank of, 38
- matrix, singular, 23
- maxima and minima with constraints, 124
- minor, 79
- non-singular matrix, 23
- normal coordinates, 134
- normal mode, 132, 134
- null space, 43, 49
- nullity, 39, 51
- permutation matrices, 32
- pivot, 23
- polynomial equations, 89
- product of matrices, 7
- pseudo-inverse of a matrix, 39
- quadric, central, 116
- range, 61
- rank of a matrix, 38
- Rayleigh–Ritz problem, 127
- row operations, elementary, 17
- row operations, reversibility of, 20
- row reduced echelon form, 18
- row space of a matrix, 61

- series of matrices, 98
- singular matrix, 23
- standard basis, 49
- system, homogeneous, 39
- system, inconsistent, 23

- transpose of a matrix, 77

- upper triangular matrix, 23
- upper triangular matrix, determinant of, 72

- vector subspace, 43
